Modular Seating System

PLN GROUP

Overview

Camber is a modular furniture system that creates a unique and comfortable space in which to communicate and collaborate.

The soft curved lines blend commercial needs with residential style. Camber is perfect for both public and office spaces, creating welcoming reception and waiting areas, breakout work or presentation zones, or a relaxing time-out spot.

Slide and lock the individually-mastered pieces together for endless configurations that create flexibility based around concave, convex, and straight modular units.

Screens are optional to add privacy and absorb sound. Ottoman, and attached or freestanding tables also available.

Designed by IQ Commercial for PLN Group.

Specifications

- High-quality materials, commercial-grade foam and premium upholstery for long-lasting durability.
- Connectors allow units to be locked together in various configurations.
- **Power/Data** integration available. Hidden power cables can be daisy chained within the seats. Pixel power units available on table tops.
- **Standard tables** in Melteca Snowdrift, Seal Grey or Sublime Teak with edgbanding. Plytech Futura White or Black, or Spectrum Eco (Finnish Birch) also available. Prices vary.
- **Acoustic screens** are 100% polyester, low VOC. Available in 15 colours.
- Metal leg fittings in powdercoated steel - black, white or grey.
- Wooden legs in natural. Stained wood also available, prices vary.
